

**WE ARE
COMMITTED TO
CUSTOMER SATISFACTION**

DESIGNING & MANUFACTURING
STAINLESS STEEL
PRODUCTS.

FARHAT STEEL was established in 2006. In the past 12 years, it has progressed and became the innovative enterprise that it is today with more than 25 dedicated employees. Supporting all kinds of Steel works; Shower Glass, Doors, Barriers, Sliders, Cabinets, stairs,

Every item manufactured by FARHAT STEEL has been designed to the highest standards, using the best quality materials and excellent workmanship. And we continue to enhance our range with new and updated designs.

Our team will give you best solution, price and delivery time for all projects.

QUALITY ONLY HAPPENS WHEN YOU CARE ENOUGH TO **DO YOUR BEST ALWAYS.**

We operate on a commitment to a quality experience, from the time of our first contact with you, to the time your product is complete and in your possession.

It is the goal of our highly skilled and experienced staff, to provide you with products of the highest quality in timely manner in order to meet and exceed your project's requirement and expectations.

We are dedicated to providing you outstanding customer service, working personally with you to determine the best, most and efficient way to meet your needs.

Our goal is your satisfaction, for both the product you receive, and the process by which your product is developed and produced.

WHAT WE DO

Farhat Steel manufactures the finest quality stainless steel custom products in any size and shape for a diverse group of industries. We manufacture, service, repair, reconfigure and install a wide range of custom stainless steel products and equipment.

Farhat Steel is active in architectural products of stainless steel, bronze, aluminum and copper, all Metal Works.

Farhat Steel produces products for property owners, architects, designers, construction companies, project managers and original equipment manufacturers.

Farhat Steel's longevity in this field is due to high standards, quality, our people and its craftsmanship.

Farhat Steel is your one-stop solution provider for quality-driven fabrication of custom products, processing tanks, storage tanks, metal cabinets, counter tops, balustrade, pipe processing and more.

Our professional staff will work with you on all details and accurate site installation.

We deliver what we promise and in time according to your schedule and dead time limits.

We provide:

- Budget estimation
- Working specification
- Field support
- Competitive offers & Quotes
- Accurate Installation

OUR CAPABILITIES

LASER CUTTING

Our state-of-the-art dual-laser flexible manufacturing system performs high-tolerance piercing and cutting on a wide variety of material types and thicknesses. Our advanced laser cutting services are ideal for customers wanting quick turn prototypes which, once approved, we can transition seamlessly to full production.

CNC CAPABILITY

CNC laser cutting including the latest 6-axis 3D high-speed dedicated tubing and structural lasers.

FORMING

A highly accurate and widely used machine that can be setup to run difficult forming operations with ease.

WELDING

TIG welding, MIG Welding, electrode welding.

TURNING, LATHE EQUIPMENT

TOOL BUILDING

Tool capabilities to build forming dies from laser cut shapes in house. No matter what the intricate forming operations may be for the component, we can provide quality with competitive pricing.

SHEARING

TUBE BENDING

Rotary tube bender for round and square tubing

TUBE/ANGLE ROLL

NC angle roller; capable of rolling rounds, squares, rectangles, angles

OUR CAPABILITIES

FINISHING
